SUPPLEMENTAL SECURITY INCOME

STATE AND COUNTY DATA

DECEMBER 1984[1]

This publication presents data on the State and county distribution of federally administered payments to persons receiving supplemental security income in December 1984.

Table 1 shows the number of persons by State receiving these payments and table 1a shows the amounts received by all SSI recipients during 1984.

The number of adult units and children receiving federally administered payments is shown in table 2, followed by the amounts these units received in table 2a. Adult units may be either an individual or couple. An individual is an aged, blind, or disabled adult eligible for payments under the SSI program. A couple is a married couple, living together or separated less than 6 months, with both members eligible for payments under the SSI program. One member of the couple is designated the eligible individual and the other the eligible spouse. An eligible couple is classified aged, blind, or disabled according to the classification of the eligible individual.

Excluded from table 2 are persons with recent adult unit classification changes, persons with inconsistent county designations, and recipients in the Northern Mariana Islands. In table 3, the sum of the individual counties may not add to the State total. The total number of children in table 1 differs from that in table 2 due to the effects of rounding in the latter table.

A special procedure—controlled random rounding—has been used in the preparation of tables 3 and 4 to avoid disclosure of reason for eligibility of particular individuals, and of the amount of benefits received. Under this procedure, county data on the number of persons in table 3 and on individuals and couples in table 4 are changed as follows:

(1) If a number is odd, it is rounded to either the next higher or to the next lower even number in such a way that the probability of rounding up or the probability of rounding down are the same.

(2) Even numbers are not changed.

Subsequent to the rounding of numbers, the dollar amounts in table 4 are proportionately adjusted, upwards or downwards as appropriate.

---
